

STAINLESS STEEL WHILE-IN-USE COVER

APPLICATION

- Mounts to all single-gang Gibson Stainless device boxes: FD, FDC, FDA, FDS, FDCT, FDX
- Backing plate designed for use with GFCI outlets and decorator-style electrical devices
- Heavy-duty, cast cover protects outlet in harsh environments
- Angled cover design prevents pooling of water
- Notched closure tab secures cover in closed position
- Padlock feature prevents power theft and ensures safety
- Supplied with gasket and Type 316 SS screws
- Manufactured in stainless steel to help prevent corrosion
- Can be installed using ordinary hand tools and requires little maintenance or repair
- Provided in a bright, polished finish that does not require touch up or painting
